## PROFILE

---

A motivated and skilled 22-year-old professional with a diploma in digital development, specializing in web full stack. With one year of independent professional experience, I have delivered numerous websites using WordPress.

## EXPERIENCE

---

### Site Name: AidTask

- **Description:** This site was developed to review a range of services such as VPN services, email, and many others. I designed this website to be compatible with all mobile, web, and desktop platforms.
- **Technologies:** The site was developed using WordPress.
- **Website Link:** <https://www.aidtask.com/>

### Site Name: Thami-Bike

- **Description :** This site was developed for a client wishing to offer city exploration services in Taroudant. Through this site, users can discover various locations offered, select the places they wish to visit, and easily book their spot for a personalized experience.
- **Technologies:** The site was developed using WordPress.
- **Website Link:** <https://thami-bike.com/>

### Site Name: Talfaza

- **Description :** I created the Talfaza website to offer a platform dedicated to essential services such as the installation and management of surveillance cameras, electronic equipment repair, and custom TV solutions.
- **Technologies:** I used WordPress with WooCommerce to ensure efficient product management, while optimizing the site for SEO and user performance.
- **Website Link:** <https://talfaza.nowotch.com/>

### Site Name: Lahbib-bairis

- **Description :** I created this website to introduce myself, showcase the skills I master, and the services I offer. This site serves as a showcase to display my expertise and abilities, while providing a clear and professional platform to explain the services I make available.
- **Technologies:** The site was developed using WordPress.
- **Website Link:** <https://lahbib-bairis.com/>

## EDUCATION

---

### Digital Development Web Full Stack Option

#### Specialized Institute of Technology NTIC Guelmim

Septembre 2021 — juillet 2023

### Baccalaureate in Physical Sciences, Arabic Option

#### Lycée Mohamed 6, Guelmim

Septembre 2019 — Juin 2021

## PROFESSIONAL EXPERIENCES

---

### Job: WordPress Developer

*August 2024 — March 2025 | Agadir*

I designed and developed websites for the company and its clients, creating custom themes and plugins to meet their needs. My work included optimizing performance and user experience, with responsive sites compatible across all devices. I also ensured SEO compliance to enhance their visibility, while managing maintenance and updates to ensure stability and efficiency.

### Stage : Web Developer

*March 2023 | Guelmim*

I developed a website to support project holders by offering packages that include funding, training, and post-funding follow-up.
